

simple flowers and butterflies in large print hand drawn - *i like this coloring book i get really tired of the books that are so busy with circles and swirls that it feels like you are never going to finish i don t have a lot of time and it is nice to be able to complete one in a short amount of time and enjoy its looks, amazon com adult coloring book butterflies and flowers - i bought this book based on the cover image and was somewhat disappointed i felt the quality of the book really varied not all pictures are as detailed as the one on the cover which is of course the nicest one in the book by far and many images seemed simplistic and more suited to an older child than an adult*
